LINEA

A design conceived for furnishing sophisticated contemporary spaces.

LÍNEA is a collection which based on its looks and variety of elements allows for great versatility when designing exterior living and dining areas for outdoors life featuring loungers that blend in easily with any number of styles.

Manufactured using only quality, extremely resistant materials and upholstery the aesthetic versatility of the different elements of the Línea collection facilitate the design of sophisticated outdoor spaces. For exterior spaces that work, are comfortable, warm and welcoming with lots of style and enduring looks.

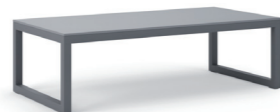

Thanks to its elegant rationalist design Línea is a collection that is ideally suited to contemporary architectural spaces in its neutral colour range. However that same characteristic is softened for the versions expressed in the more daring colour palette, creating a more laid back and less formal look.

Its great advantage lies in the harmony between the lightness of the structure and the substantial upholstered elements. A rationalist style design, perfect for contemporary spaces.

A photograph of an outdoor courtyard. On the left, a large, light-colored concrete wall is partially visible. A large, white, sheer curtain hangs from the top left, partially obscuring the view. The ground is covered in light-colored gravel. In the foreground, there are three pieces of outdoor furniture: a low, dark metal table on the left and two lounge chairs with dark frames and grey cushions on the right. The background is filled with lush green trees and bushes under a clear blue sky.

The LÍNEA collection offers a series of elements and selected tones that can be adapted and customised depending on the requirements, including materials, dimensions and colour palette for specific projects and spaces.

LINEA COLLECTION	Reference	Description	Dimensions (piece / cm)	Weight (kg)	Pieces (/ Box)	Dimensions (Box / cm)	Volume (m ³)	Weight (kg)

MORE ABOUT OISIDE DESIGN STUDIO

OISIDE develops its collections in collaboration with recognised and talented designers and architects as well as its own design team. Innovative designs, both in terms of technical performance and aesthetics, with sophisticated and timeless pieces featuring clever detailing. This same team is responsible for researching new finishes and systems to improve the resistance of OISIDE materials and upholstery.

ABOUT OISIDE

OISIDE is a Spanish firm specialising in the design and manufacture of outdoor furniture for contract and residential projects. With more than 20 years experience behind it OISIDE is a company with a significant international presence working with architects and designers from around the world. The production of its collections is undertaken entirely in Spain through expert manufacturing of the highest quality that allows OISIDE to offer a great degree of customisation through its designs.
