OICANDLES

*The perfect accessory to make
an outdoor space captivating
and enveloping.*

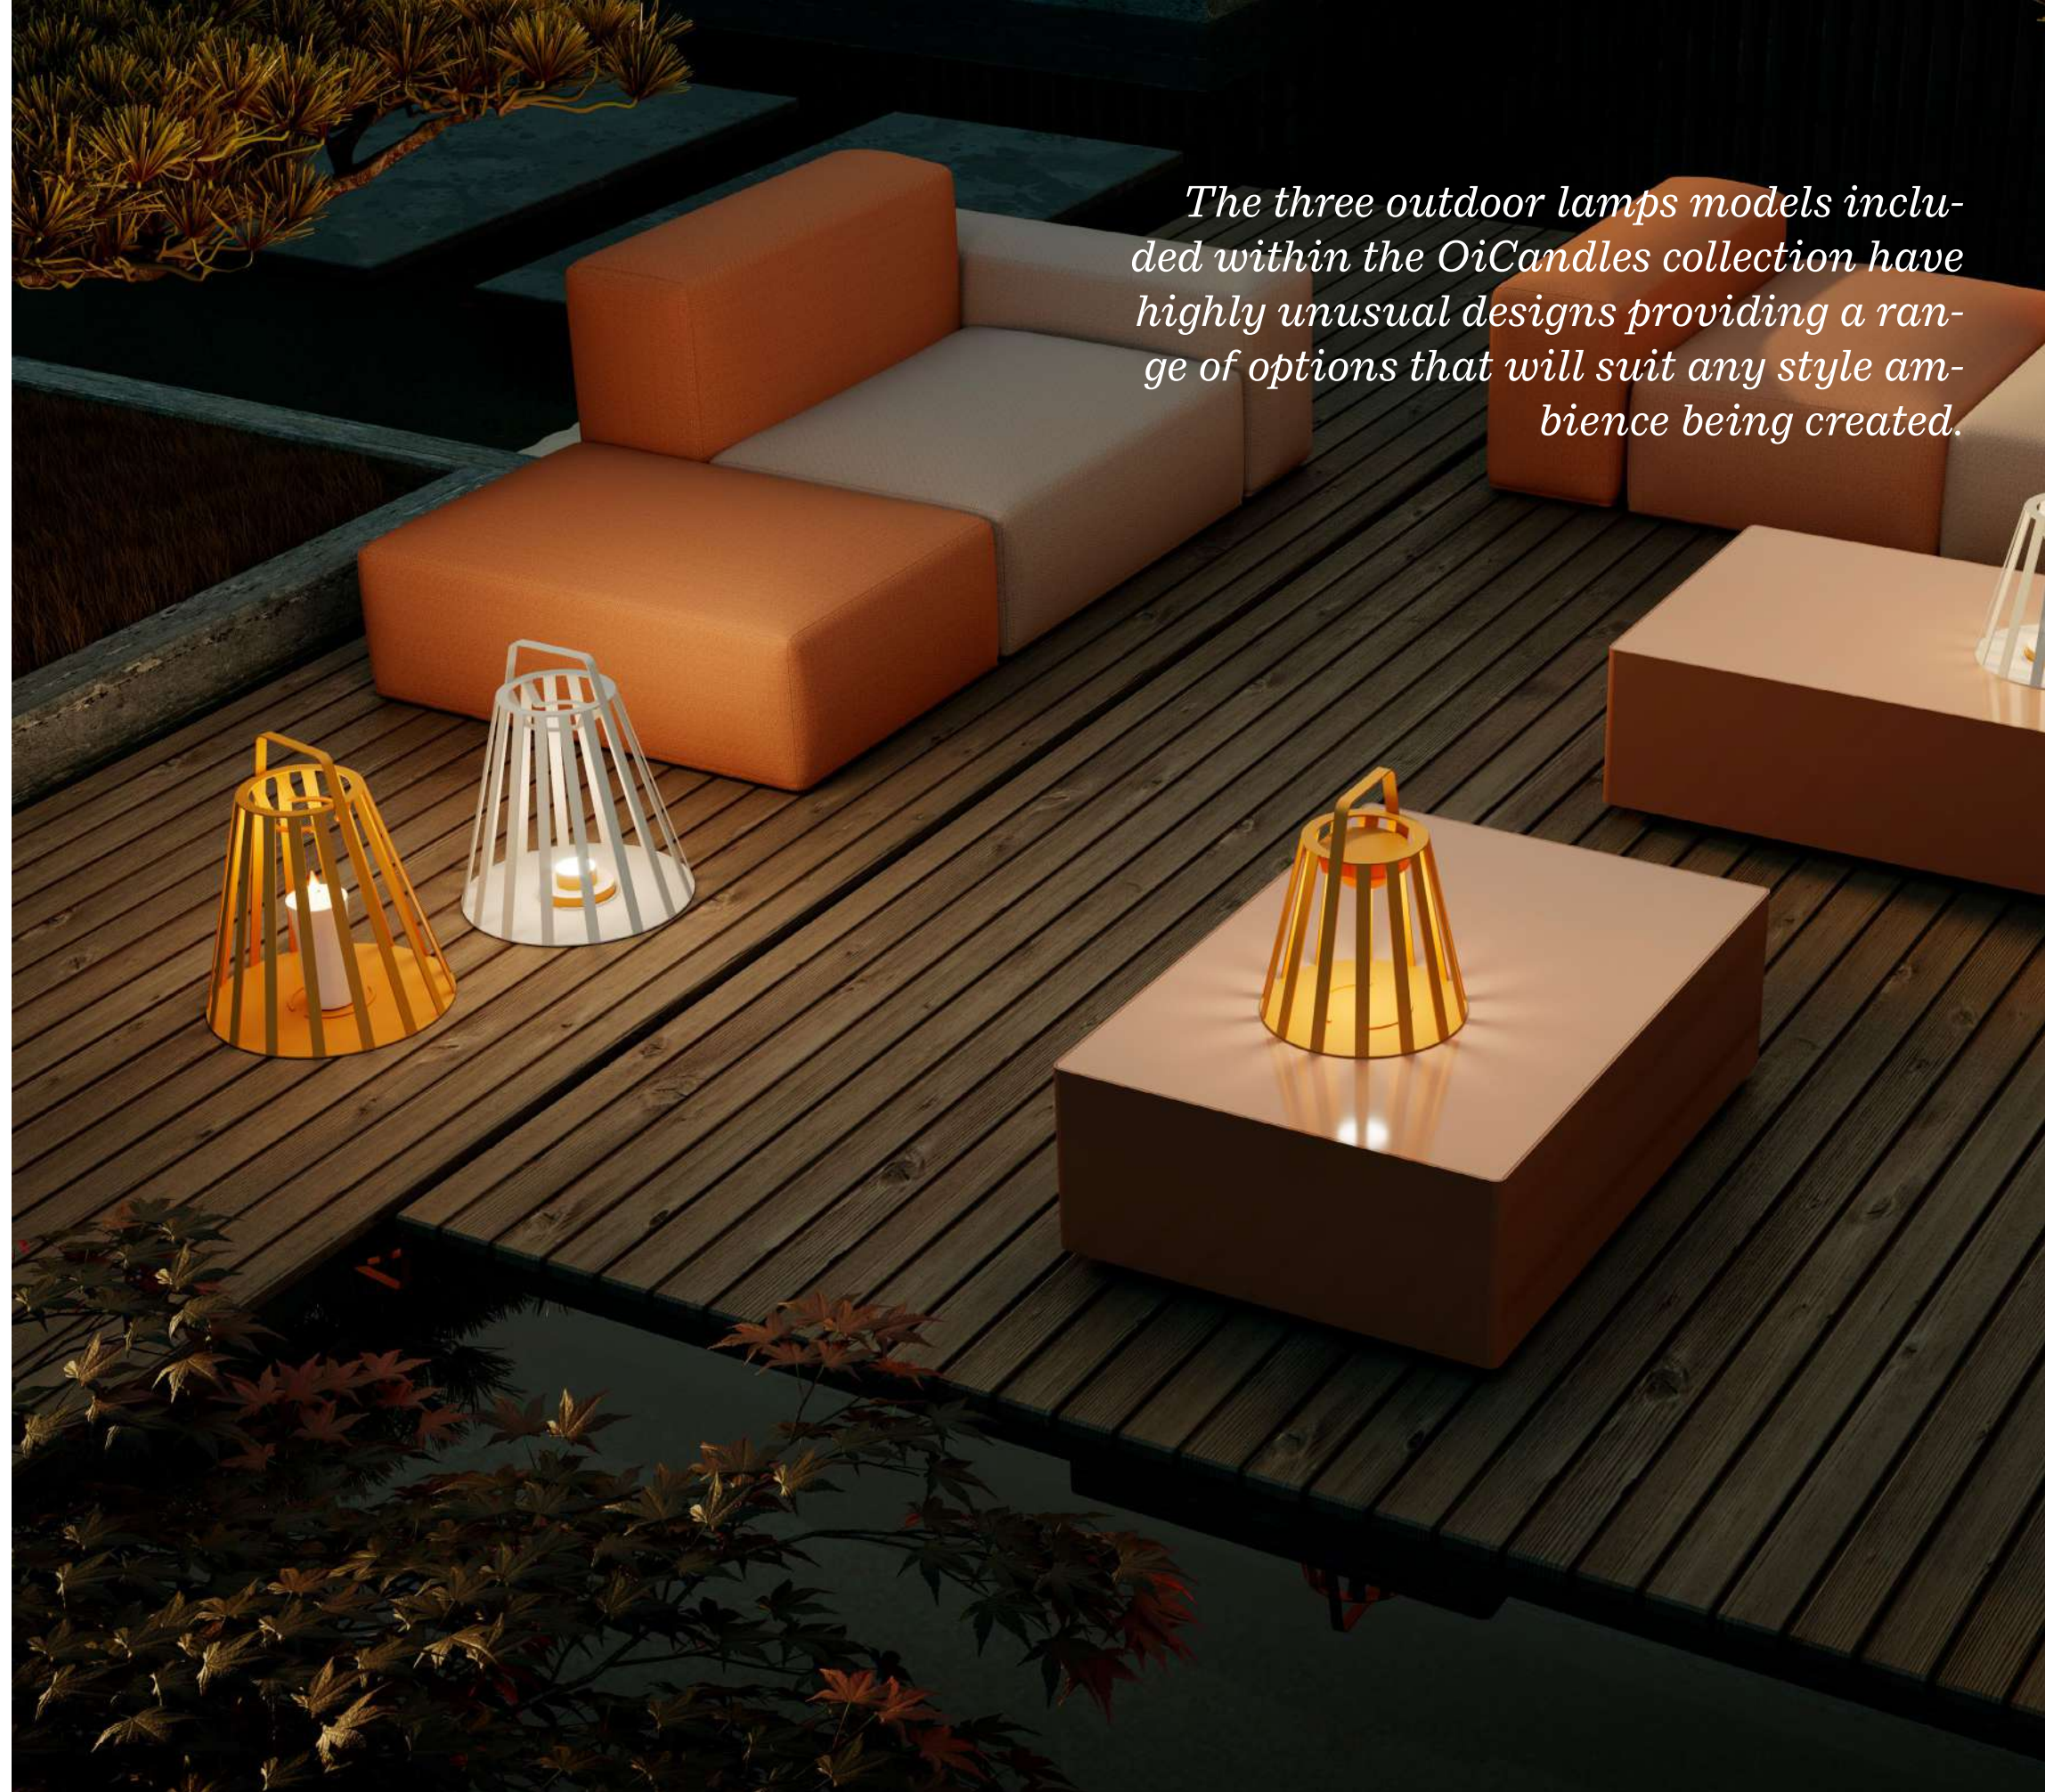

A collection that includes three options in total, designed for holding candles or a rechargeable LED light to create an inviting nighttime atmosphere. Their unique appearance transforms them into decorative sculptures during the daytime.

On the one hand, the R OiCandles have a marked geometric quality, making them particularly suited to architectural and highly structured spaces. Then, there are the T OiCandles, which feature a crafted aesthetic that lends an informal, contemporary look to more traditional outdoor areas. On the other hand, the S OiCandles showcase a more organic and ethereal design, perfect for eclectic and one-of-a-kind exterior spaces.

All of the OiCandles outdoor lamps are compatible with candles, providing softer lighting, or with a rechargeable LED source suitable for outdoor use. This source offers three adjustable lighting intensities, touch-controlled by simply sliding a finger over the surface. It is a portable model that charges via USB Micro and can last up to 65 hours at its lowest setting and 11 hours at its highest.

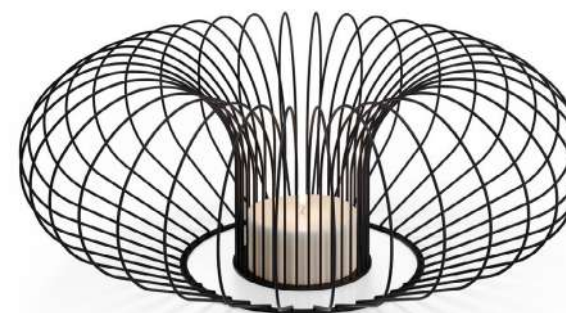

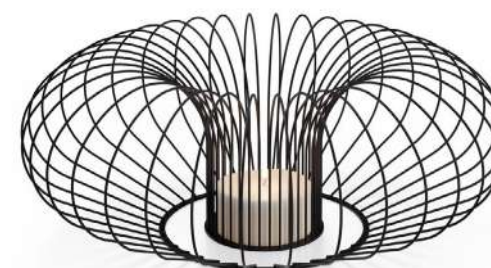

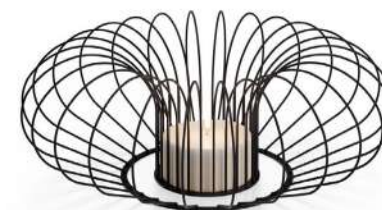

The three outdoor lamps models included within the OiCandles collection have highly unusual designs providing a range of options that will suit any style ambience being created.

The OiCandles collection can be customised in any of the RAL colour chart references, making them easy to integrate within existing and corporate type projects.

OICANDLES COLLECTION	Reference	Description	Dimensions (piece / cm)	Weight (kg)	Pieces (/ Box)	Dimensions (Box / cm)	Volume (m³)	Weight (kg)
	105931	Candles R Rectangle	20 x 30 x 45	1	1	20x 30x 45	0,2	1
	105932	Candles R Round	20 x 50 x 45	1	1	20 x 50 x 45	1	1
	105933	Candles S S	52 x 52 x 19	1	1	52 x 52 x 19	0,2	1
