

OICANDLES

*The perfect accessory to make
an outdoor space captivating
and enveloping.*

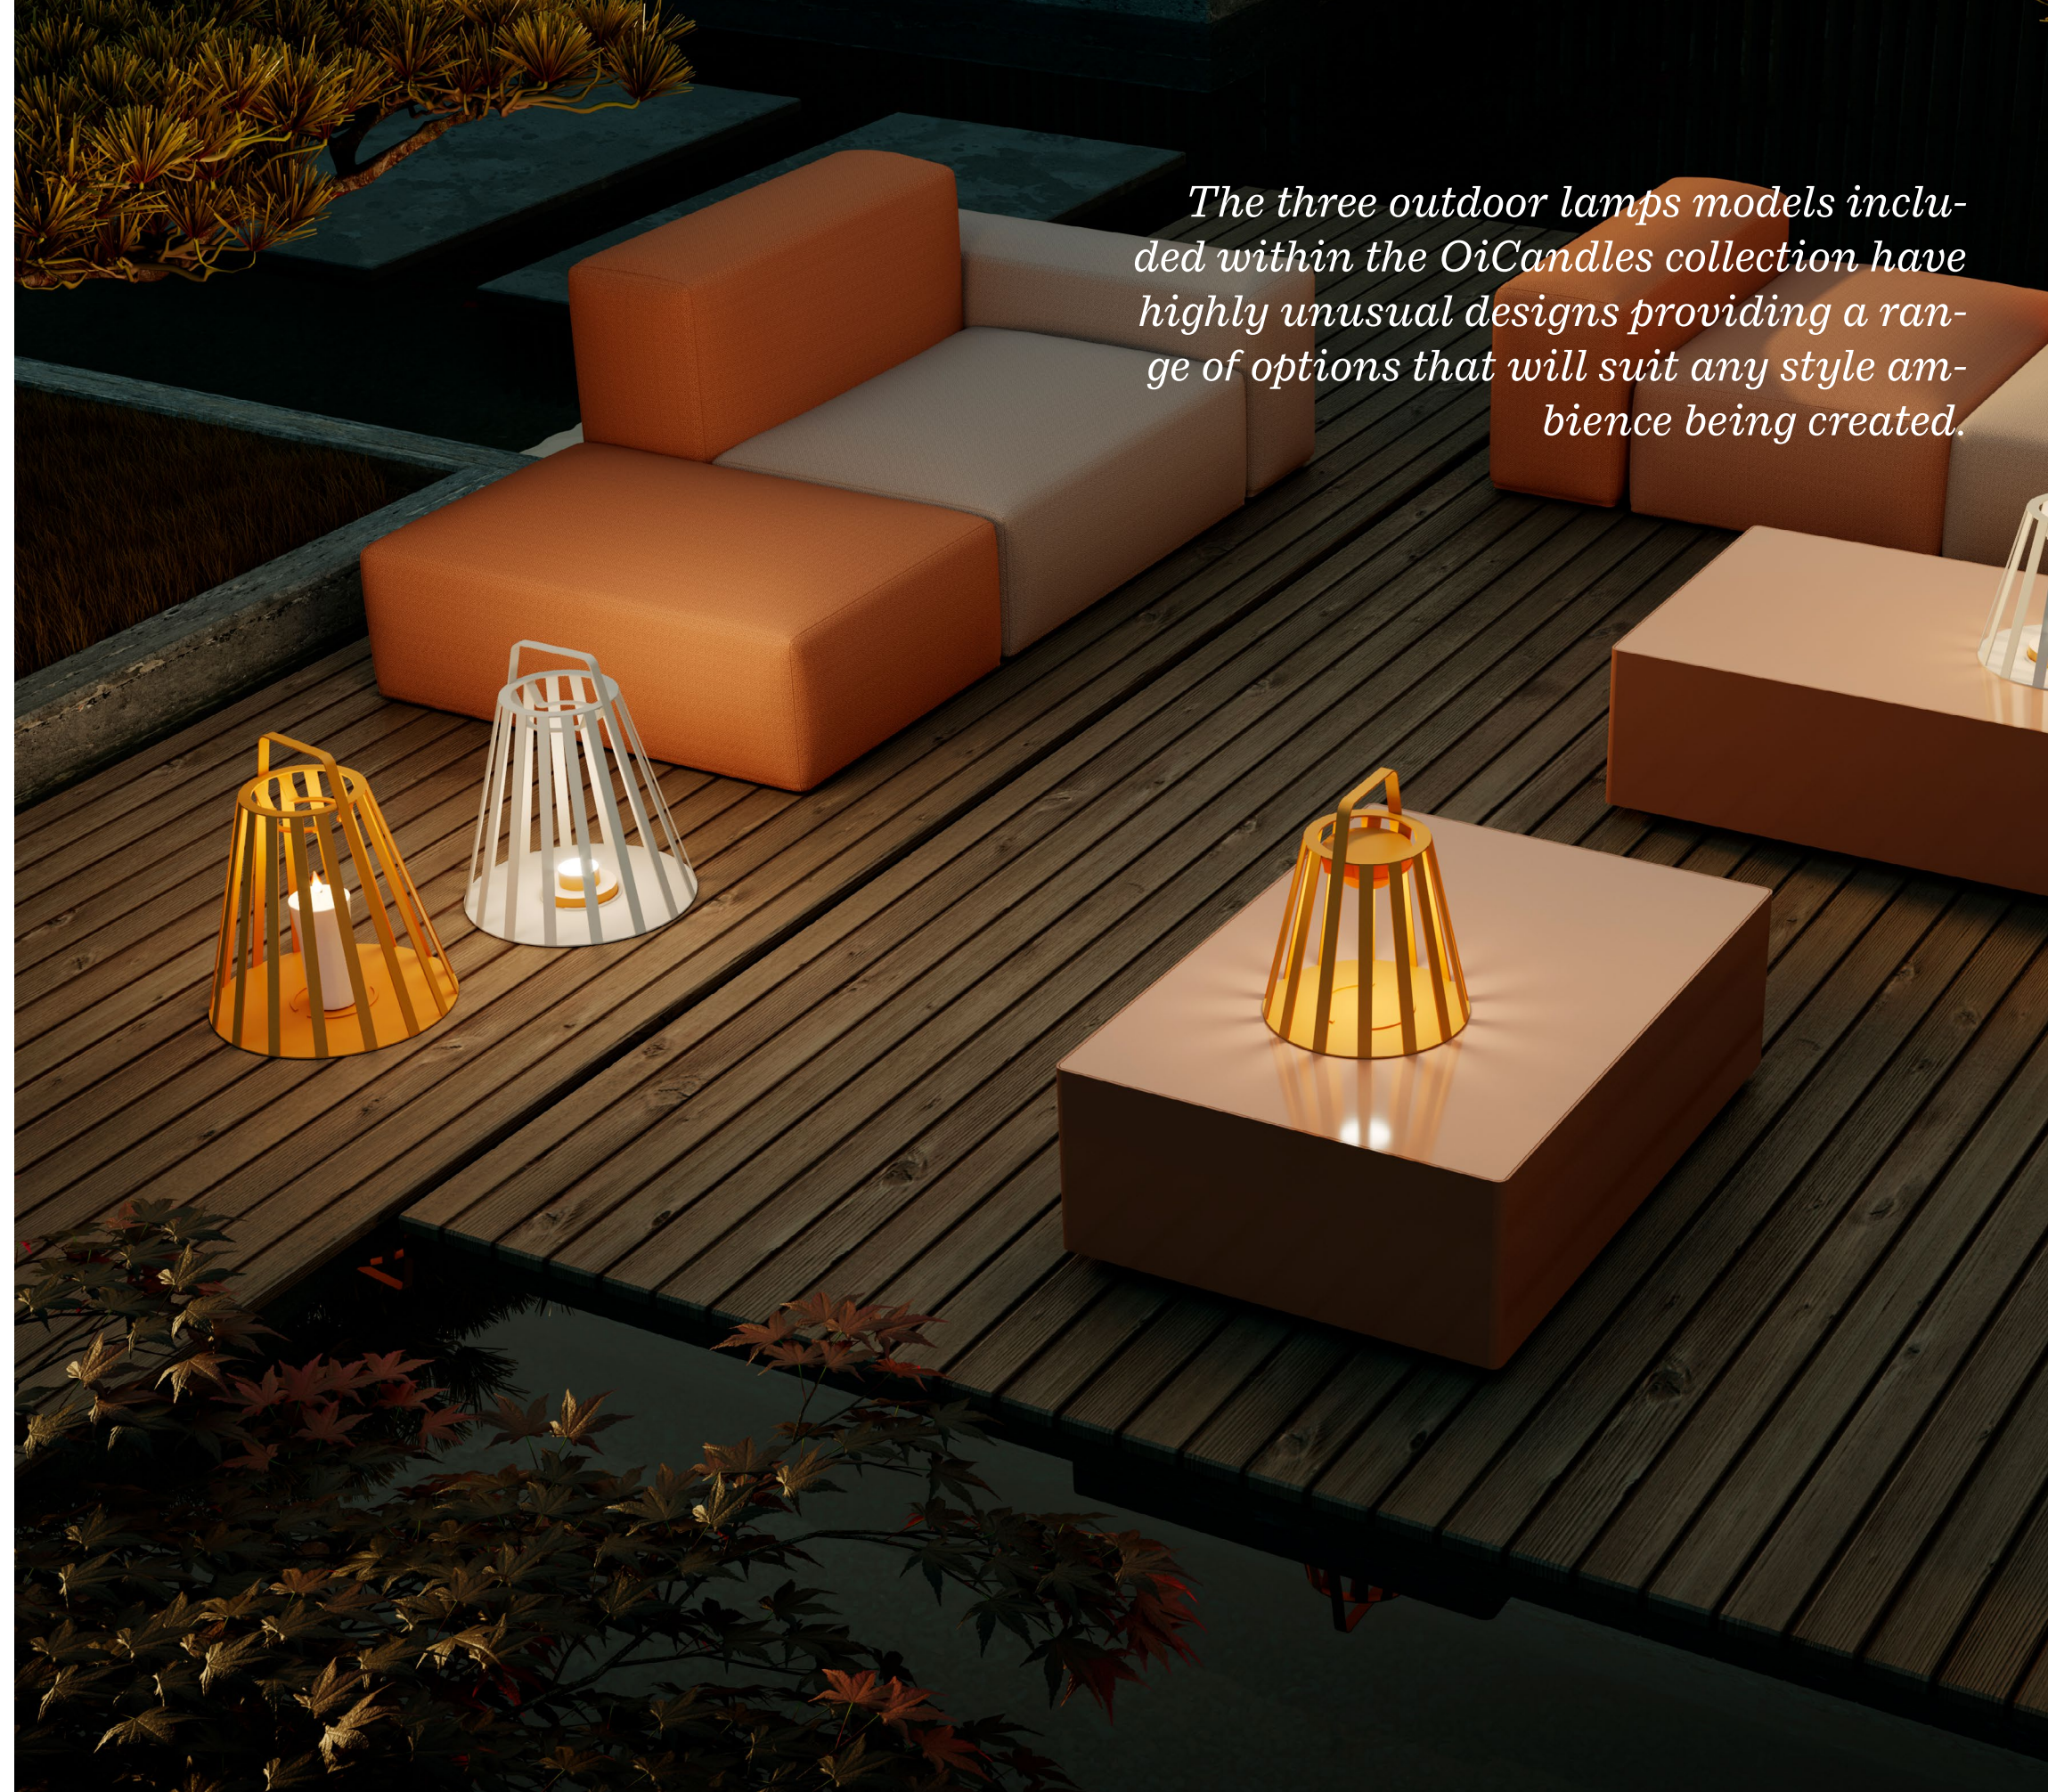

A collection that includes three options in total that are designed for holding candles or a rechargeable Led light to create a night time inviting atmosphere. While their unique looks convert them into decorative sculptures during the day time.

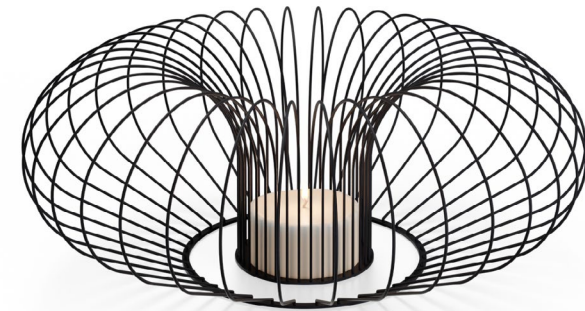

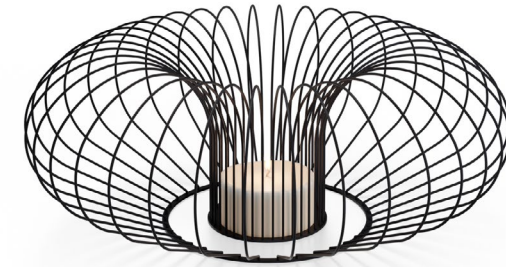

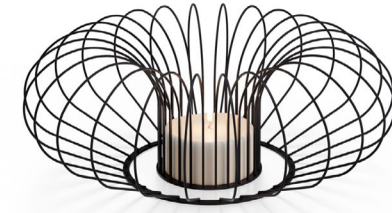

On the one hand the R OiCandles have a marked geometric quality, particularly suited to architectural and very structured type spaces. Then there are the T OiCandles with their crafted aesthetic which makes them ideal for lending an informal, contemporary look to more traditional type outdoor areas. On the other hand the S OiCandles feature a more organic and ethereal design, more appropriate to eclectic and one-of exterior spaces.

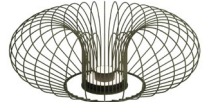

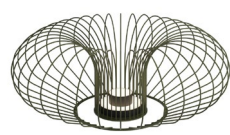

All of the OiCandles outdoor lamps are compatible with candles providing a softer lighting or with a rechargeable Led source suitable for outdoor use that provides three variable lighting intensities, touch controlled by simply sliding a finger over. A portable model that is charged via a USB Micro and that can last up to 65 hours at its least intense setting and 11 at its most intense.

The three outdoor lamps models included within the OiCandles collection have highly unusual designs providing a range of options that will suit any style ambience being created.

The OiCandles collection can be customised in any of the RAL colour chart references, making them easy to integrate within existing and corporate type projects.

OICANDLES COLLECTION	Reference	Description	Dimensions (piece / cm)	Weight (kg)	Pieces (/ Box)	Dimensions (Box / cm)	Volume (m ³)	Weight (kg)
	105931	Oi Candles R Rectangle	20 x 30 x 45	1	1	20x 30x 45	0,2	1
	105932	Oi Candles R Round	20 x 50 x 45	1	1	20 x 50 x 45	1	1
