PARC

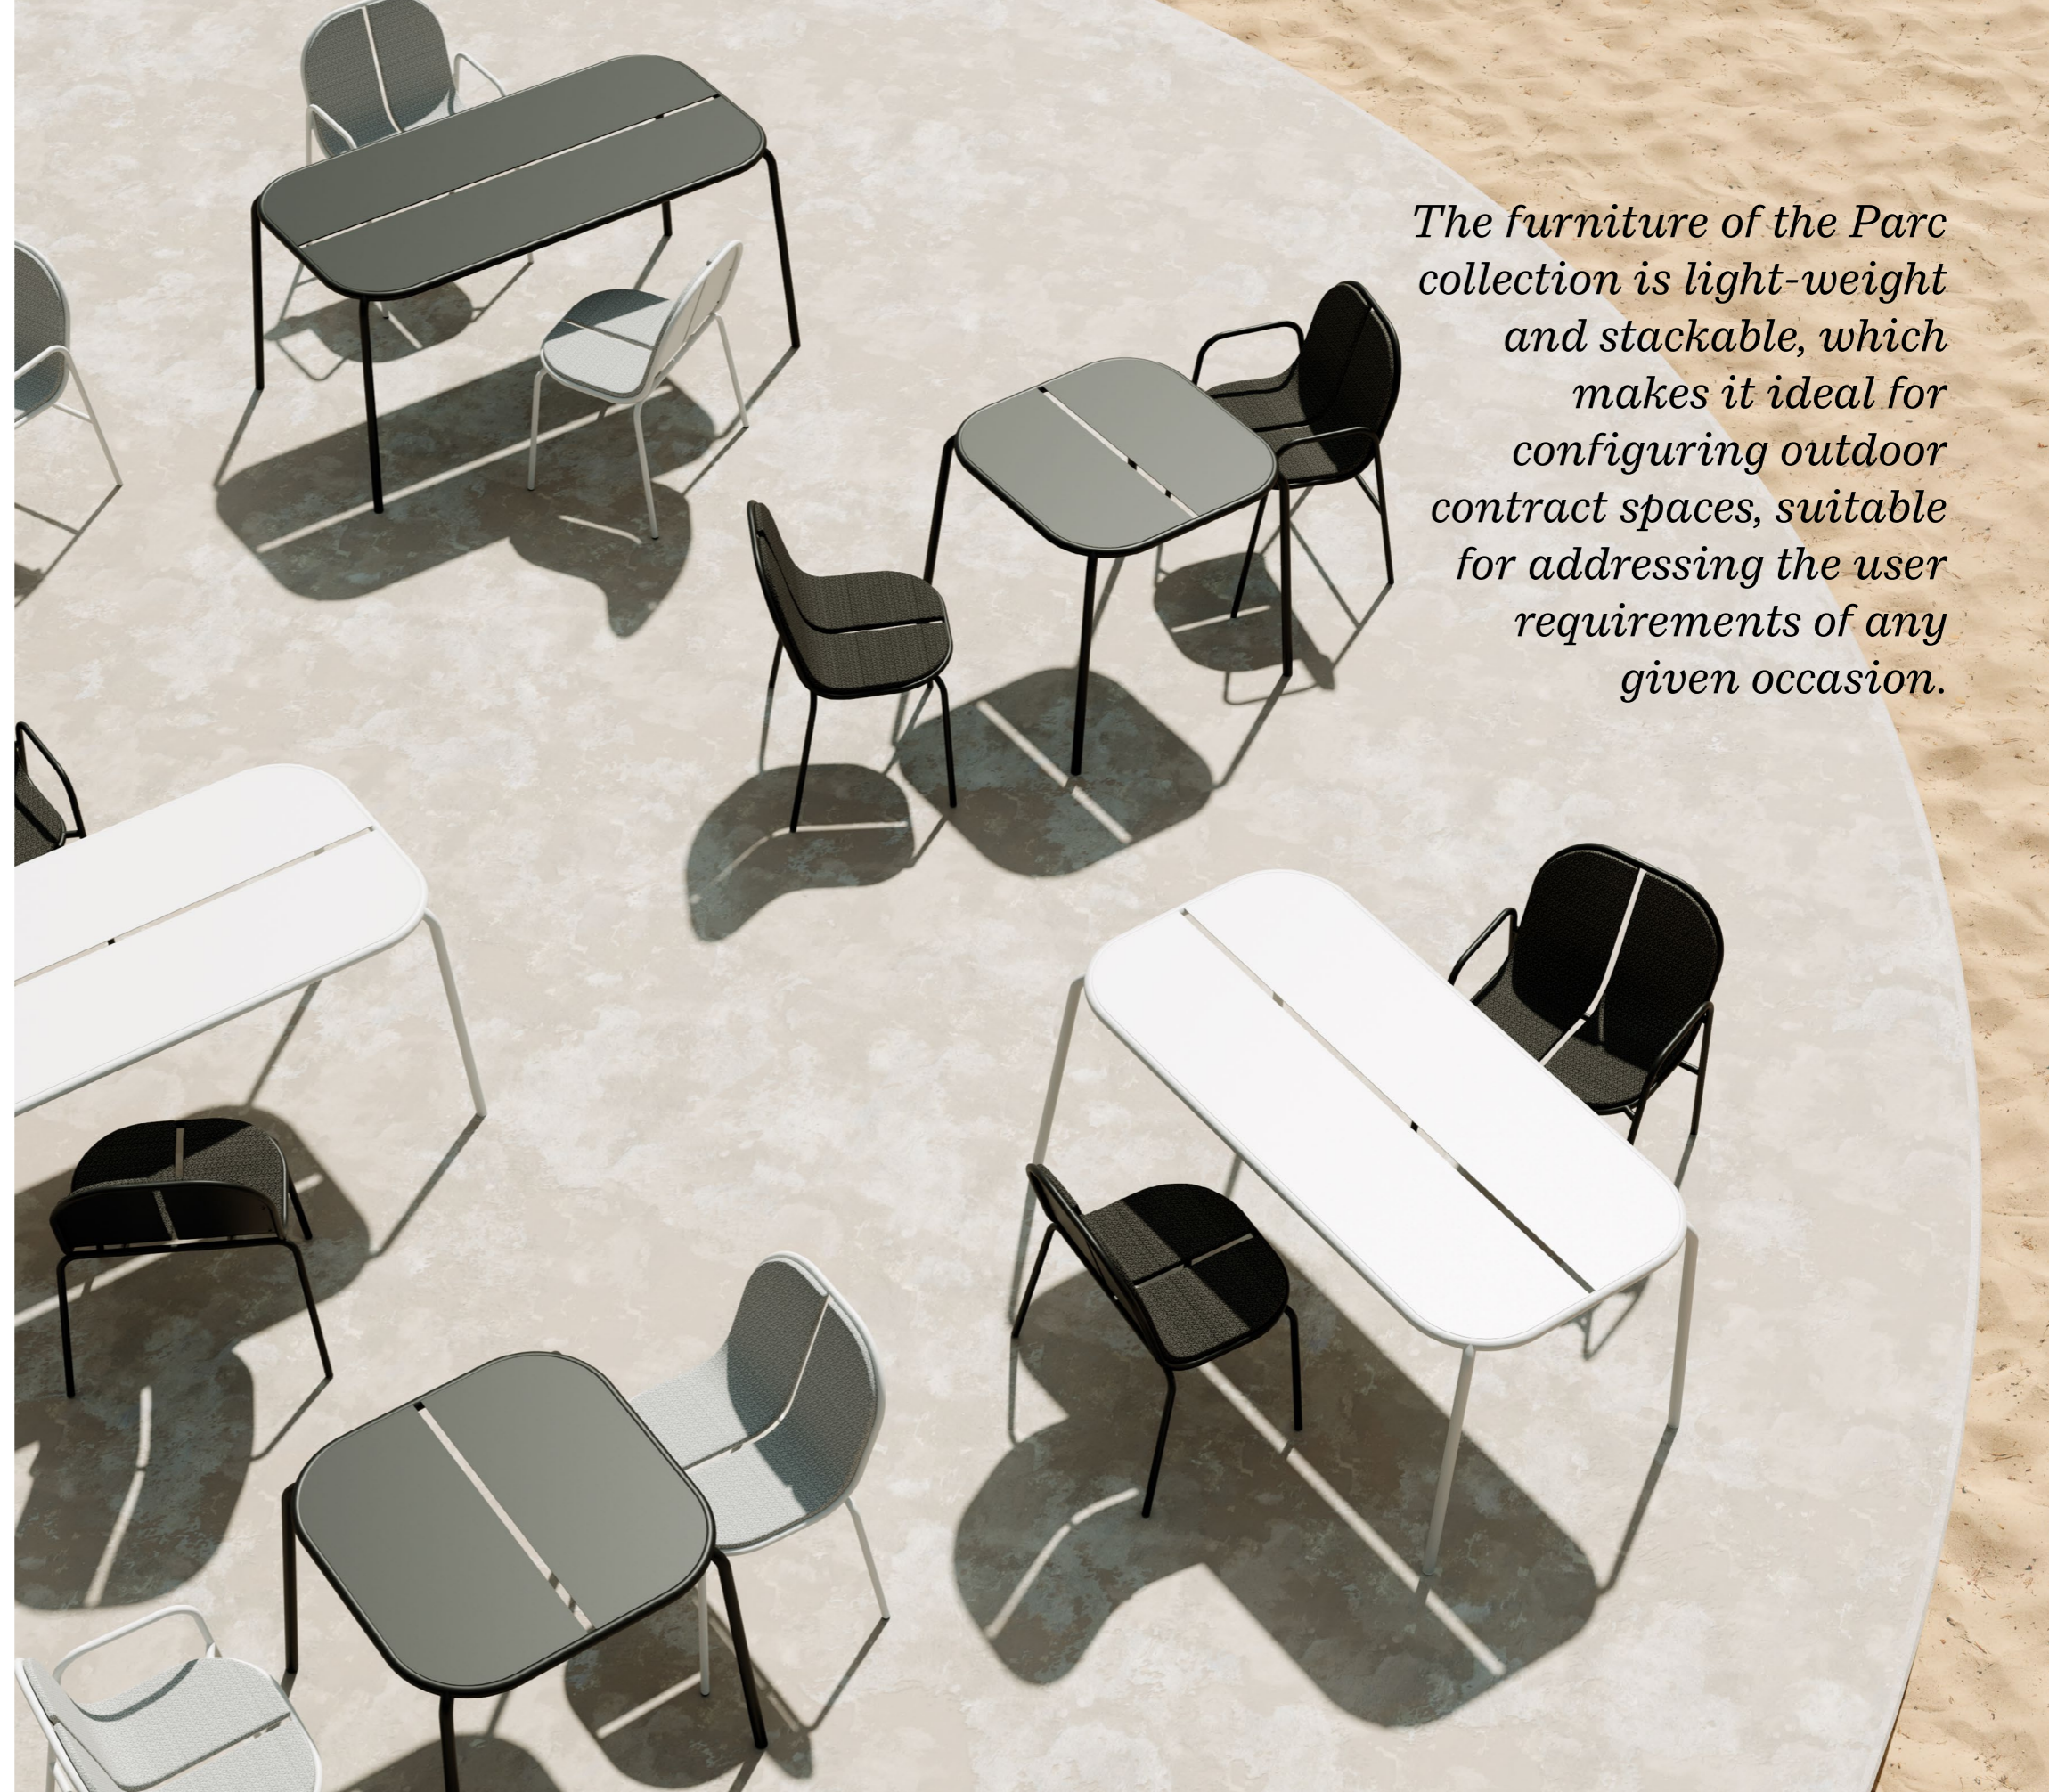

*A furniture collection
for informal outdoor
spaces.*

With its fresh design, simple shapes, rounded and accessible forms, PARC is an outdoor furniture collection for creating informal exterior living spaces.

Parc is an informal design that is perfect for creating outdoor spaces with a modern and relaxed feel. The symmetry of its different elements is visually highlighted by the gap that results from the joining of its two halves: a unique design detail that lends the collection an innovative aesthetic.

Manufactured from aluminium tubular profiles and plates Parc is a collection of outdoor furniture with a **very unique design**, but equally simple and light-weight in its forms. Its seating and the lounge are complimented with slim line and ingenious upholstered cushions that are easily attached or removed using a clip system.

The furniture of the Parc collection is light-weight and stackable, which makes it ideal for configuring outdoor contract spaces, suitable for addressing the user requirements of any given occasion.

Parc is available in a series of set colours, fabrics and sizes which OISIDE can customise using any of the RAL colour card choices, other textiles and dimensions, in line with specific project requirements for spaces.
