PENDA

*A stylishly designed
contemporary collection for
configuring outdoor spaces.*

The upholstered elements of the Penda collection with its marked rectilinear volumes underline its contemporary aesthetic, bringing a rationalist style aspect, especially for the benches and loungers.

Designed by Francesc Rifé the Penda collection is a surprising combination of different formats with structural elements that alternate flat plates, tubular and rectangular sections in aluminium creating a **sensation of completeness and continuity**. The imperceptible and perfectly executed joints are the result of the latest mechanised technology.

In addition the elements of the Penda collection combine an attractive **mixture of materials**, combining aluminium, iroko timber, solid ultra-compacted surfaces and fabric covered parts. The armchairs and sofas include a corded backing structure, made by hand offering a tantalising view from any angle.

The different forms that make up the structure together with the mix of materials lend the Penda collection a unique design with a stylised aesthetic.

The Penda collection is available in a range of default colours, textiles and dimensions, however OISIDE can adapt and customize options according to requirements; both sizes and the colour palette depending on the project or space.
