PENDA

*A stylishly designed
contemporary collection for
configuring outdoor spaces.*

The upholstered elements of the Penda collection with its marked rectilinear volumes underline its contemporary aesthetic, bringing a rationalist style aspect, especially for the benches and loungers.

Designed by Francesc Rifé the Penda collection is a surprising combination of different formats with structural elements that alternate flat plates, tubular and rectangular sections in aluminium creating a sensation of completeness and continuity. The imperceptible and perfectly executed joints are the result of the latest mechanised technology.

In addition the elements of the Penda collection combine an attractive mix of materials, combining aluminium, iroko timber, solid ultra-compacted surfaces and fabric covered parts. The armchairs and sofas include a corded backing structure, made by hand offering a tantalising view from any angle.

The different forms that make up the structure together with the mix of materials lend the Penda collection a unique design with a stylised aesthetic.

Furniture for future.

The Penda collection is available in a range of default colours, textiles and dimensions, however OISIDE can adapt and customise these options according to requirements; both sizes and the colour palette depending on the project or space.
