

● ■ OISIDE

DESIGNED BY  
MARK GABBERTAS

# TWIST

*An innovative  
contemporary revision  
of corded furniture.*

**The innovative material used for the hand crafted corded structure is the main element of this collection meticulously designed to evoke a sensation of weightlessness and visual lightness.**

Conceived in 2010 by British designer Mark Gabbertas the innovative design of the Twist collection has been instrumental in providing inspiration ever since, starting a trend in the use of an **inventive acrylic fabrics** for the corded element, inspired by the weave of traditional wicker baskets.

Twist is a collection offering a **delicate and elegant contrast** between the lightweight character of the pieces and the solidity of the volumes. The seating and the lounge feature the corded technique while the tables are provided with slim line tops that appear to be elevated above the legs, as if floating over them.

*The innovative acrylic fabric used in the creation of the double sided corded framework is stretched over both sides of the aluminium structures, somewhere between a cord and a strap in thickness.*

**Furniture for future.**

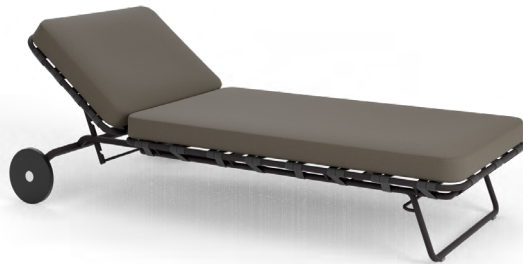

Twist is available in a series of set colours and sizes which OISIDE can customise in other tones and dimensions to order. The table tops can be selected in solid block colours or in natural stone finishes.

**Furniture for future.**

**CHARACTERISTICS**

Composition: Topcoat : Vinyl II Backing :100% HiLoR™ Polyester  
 Weight: 685 gr/m<sup>2</sup>  
 Width: min. 137 cm  
 Roll size: +/- 30m  
 Abrasion: >300.000 cycles (MARTINDALE)  
 Flame retardancy: EN 1021 Part 1 & 2 | DIN 4102 B2 | UNI 9175 Classe 1.1 M  
 NF P 92-503 / M2 | LINE 23.727-90 IR/M2  
 MVSS302 | IMO A.652 (16)82 & 8.3  
 Cold Crack: -23°C  
 UV-Resistance: 1000 hours: ≥7 Blue wool scale

**FINISHES AND TREATMENTS** PERMABLOK®  
**CARE AND CLEANING**

\* Vinyl fabrics treated with PERMABLOK® require a minimum of maintenance to retain their good looks. Use soft, soapy solutions or special cleaning products for vinyl fabrics to remove stains on the surface of the material. Remove only with a damp white cloth.

\* Lacquers, strong cleaners, detergents, xylene-based solutions, acetone, or MEK cause immediate damage and contribute to the deterioration of the material. The use of such cleaners is at the owner's risk.

Certain clothing and accessory dyes (such as those used on denim jeans) may migrate to lighter colors. This phenomenon is increased by humidity and temperature and is irreversible. SPREADING International GmbH and EURO SPREADING S.L.L. will not assume responsibility for dye transfer caused by external contaminants and possible permanent staining caused by this phenomenon.

PERMABLOK® is a registered trademark of Spreading Holdings, Inc.  
 SILVERTEX™ and HiLoR™ are trademarks of Spreading Holdings, Inc.  
 SILVERGUARD® is a registered trademark of Spreading Holdings, Inc.

Abrasion resistant	Mildew resistant	Flame retardant
Impermeability	Easy to clean	Chemical resistant (Please ask for advice)
UV Resistant	Low temperature resistant

#### ABOUT MARK GABBERTAS

The work of the British designer Mark Gabbertas is defined by its unusual capacity to generate designs with a very individual character, and at the same time a majestic simplicity. Its style is reflected by its rigorous search for highly functional solutions, resolved with a very unique timeless aesthetic that far from being one dimensional connect with the user's emotions on a deeper level.

#### ABOUT OISIDE

OISIDE is a Spanish firm specialising in the design and manufacture of outdoor furniture for contract and residential projects. With more than 20 years experience behind it OISIDE is a company with a significant international presence working with architects and designers from around the world. The production of its collections is undertaken entirely in Spain through expert manufacturing of the highest quality that allows OISIDE to offer a great degree of customisation through its designs.
